HARRY L. DELOSH

JAMES BRIDGEMAN

Dedication

We, the Ram Staff of Madison High School, dedicate this annual to two men who are representative of our esteemed Faculty. Coach Delosh, aside from being a dedicated teacher and coach, believes in treating his students as individuals whose triumphs and failures give meaning to his chosen profession. Mr. Bridgeman, one of the mathematics teachers at Madison, is highly interested in the future of our students. Fortunately for many he gives not only his guidance time, but also insists upon using his "free" time to secure scholarships and to aid many in their selections of possible careers. With faculty members such as these is it any wonder that Madison High is such a great school?

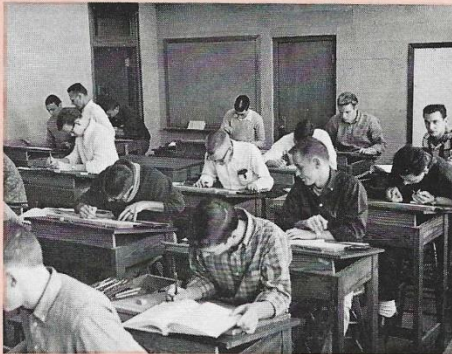

"Mr. Bridgeman, do you think they will ever learn?"

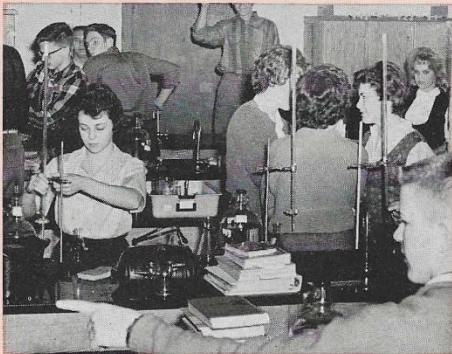

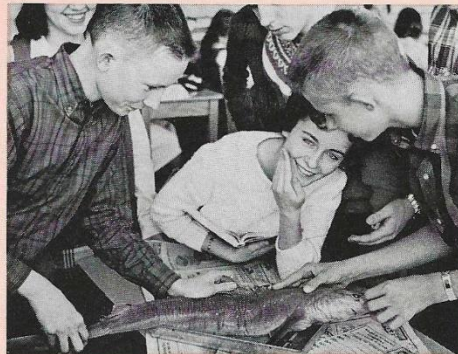

Madison offers an Enriched Curriculum

There is nothing *stone age* about the curriculum at Madison High School. The student is able to choose his program from a wide variety of academic, business, and arts courses.

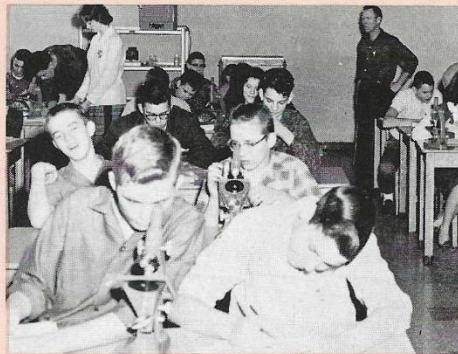

Mechanical drawing develops meticulous skills.

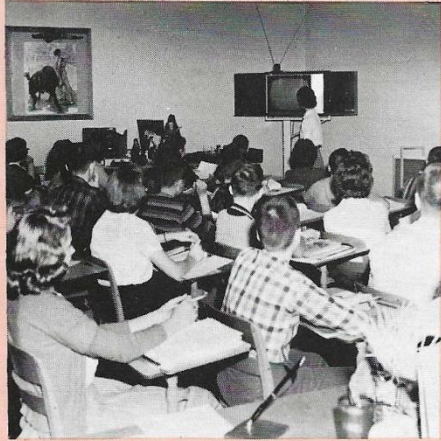

Marilyn Blair and Gary Clayborne are puzzled over where to begin this dissection.

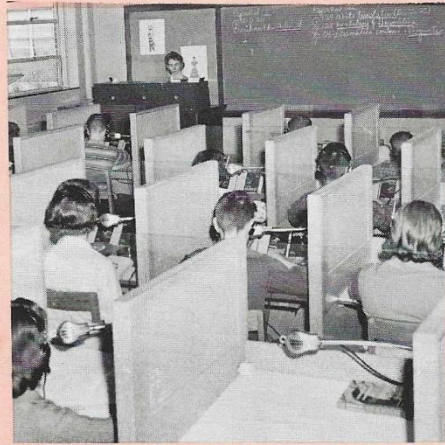

"Is this chemistry or gossipry, Judy?"

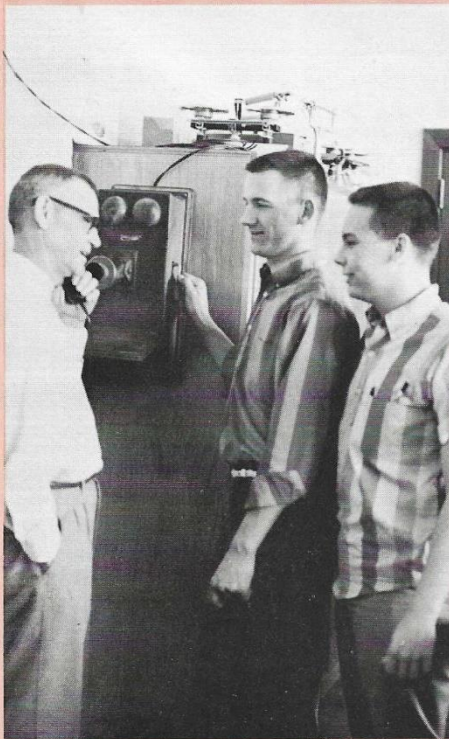

"Mr. Corbitt, I don't seem to be able to see anything," says John Callaway.

Although it is new at Madison, Educational T. V. has proved to be enjoyable and helpful in learning Spanish.

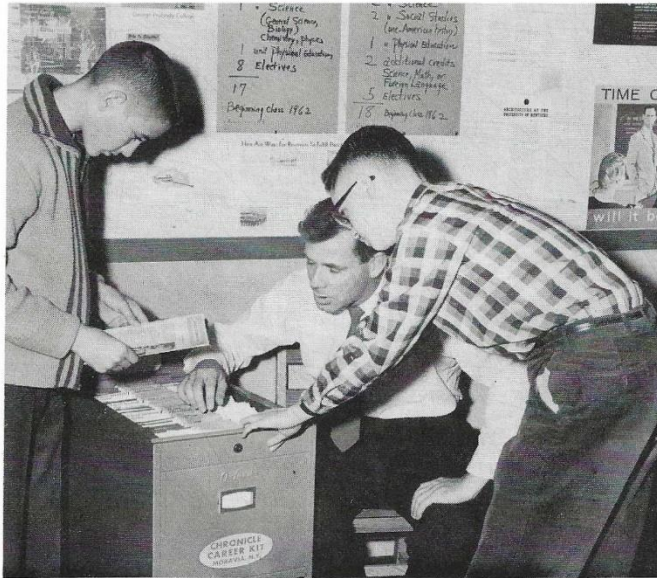

"Repeat after the speaker," says Mrs. Miller.

"Mr. Jenkins, you've set science back fifty years!"

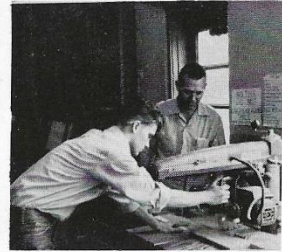

Individual projects are required in many classes such as this American History Class.

Assistance in career study is an important service of our guidance program.

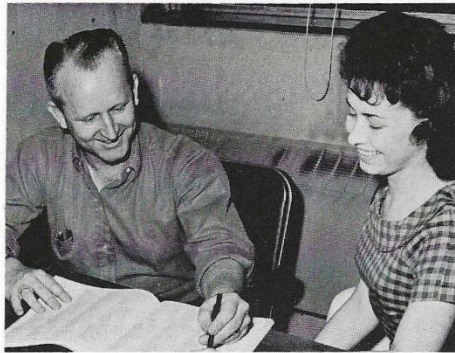

Vicki Stiltz breaks all the lab rules.

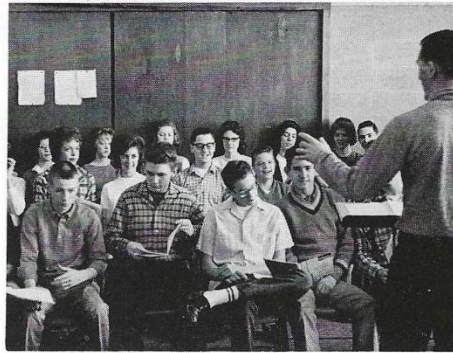

Mr. Faulkenberry supervises the work of Larry Jenkins.

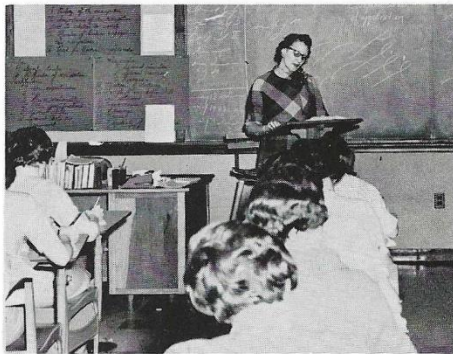

"But Sewanee's a boy's school, Linda."

Sing along with "Mick" in senior chorus.

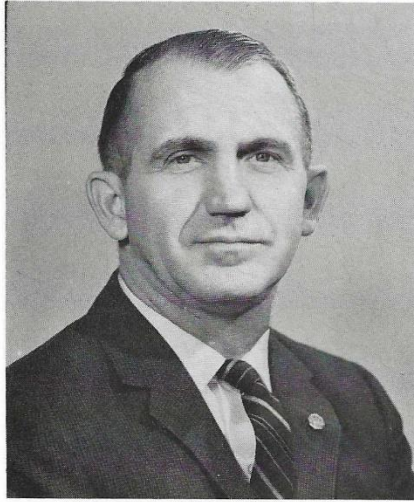

Alma Callaway and George Webb race against time to acquire speed and skill.

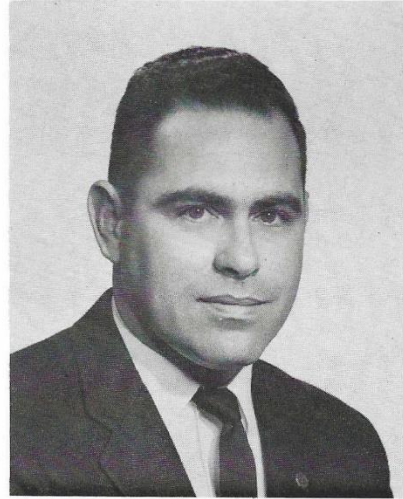

Mrs. Lee grooms her girls for secretarial positions.

No trip to Madison could possibly be complete without a look at our esteemed Faculty. Their work does not end when the last bell rings—it continues sometimes into the night. We appreciate their efforts to make Madison an outstanding high school.

The end of a busy day!

Through the combined efforts of our faculty and Student Council, the year 1961-62 has been the most successful year of Madison High School's history. Chartering clubs, handling our student telephone, and encouraging sincere acceptance of the Honor Code, are just a few of the many Student Council Activities. Another outstanding contribution of the Council is to plan assembly programs of both educational and entertainment value.

The Forensic group prepares to leave for an important meet.

The cast and sponsors of the Forensic Club's one act play "Cabbages." The play won third place in the County.

This year Madison's National Forensic League Chapter has maintained its lead as the largest chapter in Tennessee for the fourth consecutive year. We are currently leading for the county DCILL trophy.

Our debaters prove to be a big part of the chapter. They won tournaments at Bowling Green, Kentucky, Litton High School and Clarksville. At the Lipscomb and Murfreesboro tournaments they won the sweepstakes and placed second at Paducah, Kentucky.

After winning first place in the State NFL Tournament in Dramatic, Howard Henderson will represent Madison at the National Contest in Montana.

Four of the members rank in the top 100 forensic students in the nation at the present time. They are: Judy Harvey, Tyree Harris, Jerry Harder, and Richard Clark.

The leadership of our chapter can be illustrated in its sponsor, Mrs. B. H. Eldridge, who has accumulated 1600 points in the work she has done. On December 1, she joined the elite group of Diamond Key Coaches.

Library Lassies won the trophy of the Middle Tennessee Association of Student Library Assistants for the best library program as presented in a scrapbook. Joyce Halmontaller, historian, Rachel Edds, assistant-historian, Linda King, artist, and Shirley Haskins, typist, compiled the year's accomplishments of the Library Lassies under the title of "That Wonderful Year, 1961-62". Peggy Hill, *president*, was also historian of M. T. A. of S. A. L. and presented the official scrapbook to the organization. Joyce Halmontaller and Marianne Taylor, *vice-president*, served with her as a committee of Lassies to design the M. T. A. of S. L. A. scrapbook and have it made according to specifications. Under the leadership of Mrs. Wiley, the Lassies selected six interesting discussion topics for the conference and secured twelve inspiring discussion group leaders.

The Lassies strive to provide an alert and active library program for teachers and students at Madison. Many other projects were sponsored this year. The Faculty Book Tea came at the beginning of school in honor of new teachers. To assist the discussion on library usage, the Lassies prepared three large book displays on "The Westward Movement," "Our Spanish Speaking Neighbors," and "Victorian Age in Literature." For Book Week in November the Lassies visited 26 classes with new books and made book talks. Induction Service was held on February 20 for 20 new members. Mr. J. K. Brown, High School Supervisor of Davidson County, was guest speaker. Other awards made during this service were an additional 26 membership cards, six pins, and six guards for pins already earned.

"One picture is worth more than a thousand words"—at Madison High the truth of this statement is shown in the production of artfully designed hall bulletin boards with brief but clever captions. Both teachers and students give freely of their time and talents to produce bulletin boards and display cases which emphasize all phases of school life, provide reminders of national holidays, and bring attention to school problems and conditions which need attention.

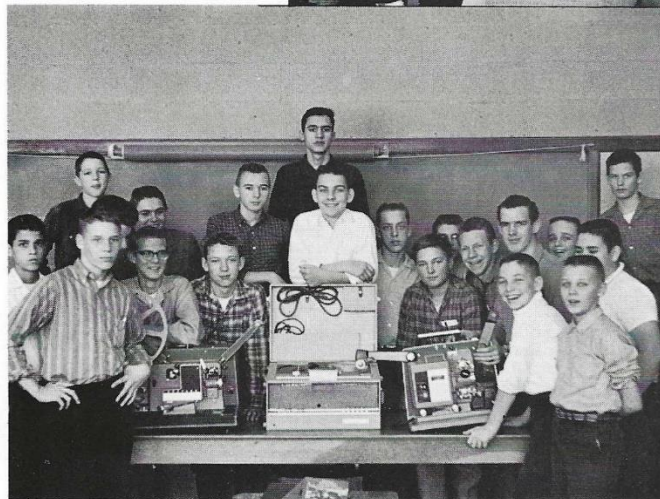

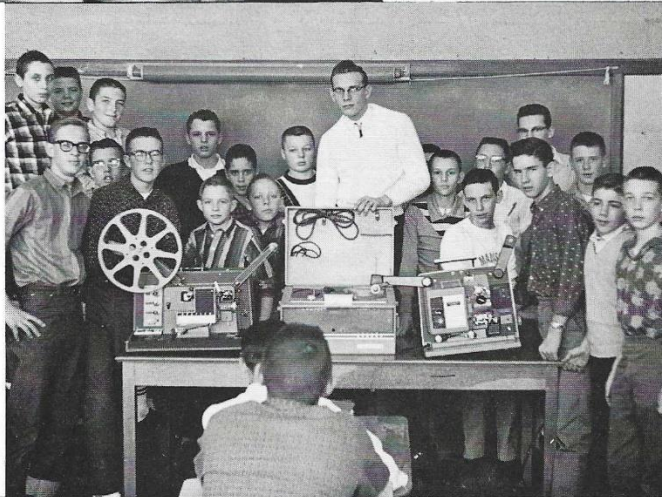

Gerald Dillehay and Howard Henderson know that it takes hard work to make a good bulletin board.

Rams "whoop it up" after Litton victory

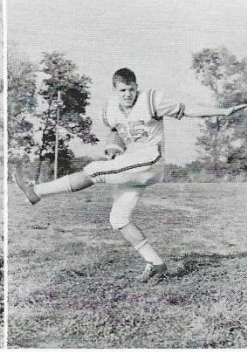

The Ram's 1961 football record was the most outstanding in Madison's history. With the Ram's defeat of Litton, sport fans saw Madison become the new football power. The Mighty Rams have not been defeated for nineteen straight games; Madison also made a record with nine straight shutouts. For the second straight year, the Rams captured the AAA Championship. As a possible contender for the State Championship, Madison played to an exciting scoreless tie in the 1961 Butter Bowl. The entire student body and community thank the 1961 Rams for a wonderful football season.

LITTON 7-0
A New King

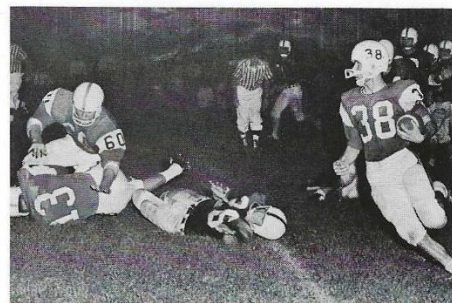

An overflowing crowd saw the Mighty Rams beat the Litton Kittens 7-0. Even though Litton had an exceedingly strong team, the Rams convinced all sport fans that Madison was the new King of Football. The entire team played a brilliant game. Harrison recovered a key fumble and intercepted a third quarter pass. The Player of the Week Award was presented to Harrison.

In a surprisingly easy game, Donelson gave way to Madison 26-0. Donelson made a huge effort in the third quarter but could not carry out their plans. Randy Overall ran eighty seven yards on a kick-off return for a touchdown. With this ninth straight shutout, Madison tied a record with Greenbrier.

EAST 45-0

AAA Championship Title

CLARKSVILLE 20-12

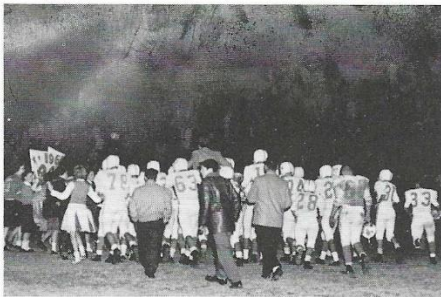

Last Regular Game

In the final game of the regular season, Madison struck quickly and beat the Cats 20-12. All of the scoring happened in the first half; the second half being a defensive battle. Clarksville was an excellent opponent, but Madison once again convinced sports fans that the Rams were the greatest football power.

FAYETTEVILLE 0-0

Butter Bowl Game

With a state championship to be determined, the Rams battled Fayetteville to a scoreless tie in the Butter Bowl. The weather conditions impeded scoring of either team.
