*Jim E. Neely, B.S., M.S., M.S. + 45 Principal*

*James B. Carter, B.S., M.A., M.A. + 45 Assistant Principal*

*Dear Class of 84:*

*Graduation from high school is the culmination of twelve years of work, play, happiness, sadness, hard times, and good times. Your graduation is more meaningful than most because you are graduating from Madison High School, a school with a rich tradition of excellence in education dating back to 1956. Many young people have graduated from Madison High School to go on to very successful careers in business, industry, education, and medicine.*

*High School graduation is not the ultimate goal. Graduation from high school should be the first of many steps that you will take to achieve an adult life of success and happiness.*

*It is my hope that each of you has set goals for your future and that these goals will take you to the success that so many other Madison graduates now enjoy.*

*It has been my pleasure to be a part of Madison High School this year. It is a very humbling experience to follow in the footsteps of the outstanding educators who have served as principal of Madison. It is a privilege to be associated with a faculty and staff that cares and works constantly to improve the educational environment of the school, and a student body that has more pride and spirit than any other in this city. You have all made me feel welcome and I thank you.*

*Best wishes to each of you.*

*Jim E. Neely*
